

Sprint 3 Report

–Split The Tab IOS Version-

The commuters

Sprint Start Date: Feb 18th 2018

Sprint End Date: Mar 3rd 2018

Revision 1 (3/3/2018)

Actions to stop doing:

- We should stop canceling our Scrum meetings.
- Adding extra goals/objectives in between sprints.
- Stop underestimating the work load required for certain user stories.

Actions to start doing:

- Schedule more time in advance for unexpected circumstances.
- we should hold even more coding sessions and be more in sync.

Actions to keep doing:

- Communicate well over WhatsApp / in-person.
- we are still making good progress in our App despite unfavorable conditions.

Work completed/not completed:

Completed:

- (5) “As a developer”, I want to Implement Basic Firebase backend communication functionalities in iOS
- (3) “As a developer”, I want to create a history view of all past transactions for a user
- (5) “As a user”, I want to add friends to my list so I can use the app with them -split the tab/cost among them-

Not-Completed:

- (3) “As a developer”, I want to create a history view of all past transactions for a user
- (4) “As a user”, I want to be able to signup for a new account from the IOS app

Work completion rate:

Total user stories completed: 3

Total work hours/points completed: 13

Total days during sprint: 14

	Days	Done	Remaining	Ideal Done Per Day	Ideal Velocity
